Dues for 1976 are now  
payable... Mail your  
\$3.00 today...

New cards are being sent with this bulletin for those who have already paid...

Remember, to have a strong and active club we need 500 members !

A reminder that the Ancil Donohoe trophy will be presented to the member signing the most new members by the date of the May 1976 Spring meeting... This beautiful trophy - hand made of walnut - with silverene trophy cup and two eagles - will have an engraved name plate for the winner and spaces in the design for a set of coal or lumber tokens. Standing about 20" tall, this beautiful trophy will be yours for the most new members... See the present contest results in another section of this issue...

SPRING 1976 MEETING: Still tentatively set for the first week-end in May. The location and other details will be presented in a future issue. Be making your plans now to attend. You will reap a harvest of new coal and lumber tokens and will meet a wonderful and dedicated group of collectors by attending. Ask anyone who has attended a previous meeting...

# SCRIP TALK

Save wear and tear on the secretary !! Forward your 1976 nsca dues today !! If we are to continue on a businesslike basis, we need a 100% renewal rate --- PLUS a host of new members. Can we count on you ?

Scriptor R. R. Tippy has an interesting article on coal and lumber scrip in the October 25 issue of "Tri-State Trader" (Box 90, Knightstown, Ind. 46148). NSCA and scrip will be getting exposure before many thousands of additional collectors and we hope to get some new members as a result. Tippy promises any new applications two free scrip tokens in connection with the article..... Scriptor Tom Hitt wants to buy some bulk scrip - 100 to 300 pieces. Don't have mine in any shape yet so suggest a FREE ad in the bulletin. I hope to have my duplicate material in some sort of order within a few months..... The recent find of coal scrip from Michigan (Verne Coal Company, Saginaw, Mich.) is creating a stir among collectors. Anyone else have anything from Michigan besides C. E. Ziegler?..... One Scriptor inquires about the worth of certain items in the bid sales so that he can make a bid. Unfortunately we cannot give out bidding information since this would be unfair to those participating. I know that you will understand our situation on this. We try to keep everything on the 'up and up' and do not reveal bids or take phone call bids. .... Don't presently need the 25¢ Becco Mercantile , Scriptor Cheuvront. Thanks for the memo on this, however, had already purchased one..... Scriptor Matt Krzastek of New Jersey suffered a recent stroke..... Attention: All persons who have consigned scrip tokens that have NOT appeared to this date in a mail sale. Please give me a reminder note so that I can dig out your material and get listed in a future issue..... We should be through the Ancil Donohoe collection in one more listing so will be ready to accept more of the better scrip and lumber items on consignment..... We have encountered a little problem with some of our mail. One check sent to a consignor in July was not delivered. If you have anything pending with us, please let us know. We want to keep up to date as much as possible..... Scriptor Charles Kagey: will get back to you one of these days on the tobacco tags... Any of our other members have or know of any collectors of the tags that were used on the plug tobacco?? A recent article in The Antique Trader got me interested and I have located a few (Brown's Mule - Apple - etc.) They are made of tin and were stuck right on the plug... quite interesting !! Several other scriptors are hot after railroad nails - the large ones with a date on top... might be interesting material for a FREE ad in our bulletin. What say, Snodgress or Chappo?... More later....

"What is this Question and Answer bit??"

**Question:**

"Starting with next issue, Scriptor John Fliss will have the first column featuring your questions on tokens... and answers... so direct all mail for this feature to John. (Address is shown on front page.).. This could become an interesting feature of the bulletin if you will help !! Why not give it a try?? Surely you have questions about some of the coal and lumber tokens in your collection..."

**Answer:**

If John does not have the answer, he will attempt to get it for you so give it a try today.....

#### NEW RIVER GORGE BRIDGE

World's longest steel arch bridge - 43 million pounds of structured steel - Main span 1700 feet - 876 feet above rugged New River - Highest bridge east of Mississippi - Third highest in the U.S. - Cost over 34 million..

I'm excited about this project since it is in my back yard in sight of my home!! Too, we have formed a local company to market glassware and other items featuring this bridge.... so, if you find any news articles and pictures in YOUR local papers, would appreciate having them for my collection. The Wall Street Journal - the Pittsburgh Press - CBS News, etc. have recently had features on the construction... Send along anything you find and I will thank you....

Thus ends the great Ancil Donohoe estate listings... If you have followed closely during the past few months, you have probably noted that the sale will realize approximately \$12,000.00 for the estate... Thus, besides the pleasure of collecting it is certainly possible to realize a good return on your investment in coal and lumber tokens... Too, remember the Ancil Donohoe memorial award to be presented annually to the NSCA member who signs the most new members for our organization... See the membership contest results in another section of this bulletin...
